APPLICATION PLATFORM TUTORIAL

CREATING AN ACCOUNT

The first thing you will need to do within the Smarter Select application platform is to create an account.

Please be sure to use an email address that you check regularly - that is the email we will use to communicate with you about your application.

A screenshot of a web application's sign-in page. At the top, there are two tabs: 'Create New Account' (highlighted) and 'Sign In'. Below the tabs is the heading 'Sign into your Account'. There are two input fields: 'Email Address' with an envelope icon and 'Password' with a lock icon and a 'SHOW' button. Below these is a blue 'Sign In' button. At the bottom, there is a 'Sign in with Google' button with the Google logo. A link for 'Forgot your Password?' is located at the very bottom.

Helpful Tip
To edit the application, click the Edit Application button on the right.

Edit Application

New Application

When you open an application from your “My Applications” page it will open in a new window/tab.

Make sure to click the “Edit Application” button to open that existing application for editing again.

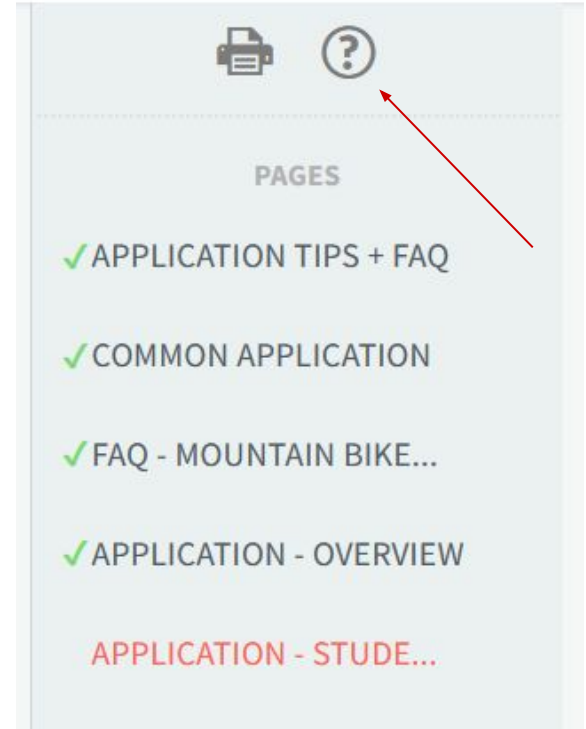

This is a great way to continue working on an application and save your progress.

APPLICATION TIPS

The first page of every application includes “Application Tips” and “Application FAQ” sections.

We recommend reading through those items, they are based on real questions that community members have asked.

Additionally, you can always access those FAQ pieces by clicking on the ? in the upper right corner of every application.
